

LOCUM PHYSICIAN OPPORTUNITIES

Experience the North on the James Bay Lowlands

Locum physicians are required for a dynamic teaching practice located at Weeneebayko General Hospital in Moose Factory, Ontario. Our team of family physicians and nurse practitioners provide comprehensive medical services to the communities of Moose Factory, Moosonee, Fort Albany, Kashechewan, Attawapiskat and Peawanuck all of which are located along the west coast of James Bay. Consultant backup includes a full-time, on site surgeon and anesthesiologist. We also have recently added a traditional medicine program which is being met with great success.

Interest in teaching and cross cultural medicine is required as we are a teaching practice of the Departments of Family Medicine at the Northern Ontario School of Medicine, Queen's University and the University of Toronto and preceptor medical residents and clerks from all of Canada's medical schools.
