RE: COVID-19 Vaccine in James & Hudson Bay Region

To our community members:

Today, Health Canada approved distribution of the Moderna vaccine, and we anticipate it's arrival to our region soon. WAHA has been working with our community partners, the provincial and federal governments, and Ontario Health on deployment plans, including ensuring that our elders, vulnerable, and long-term care patients receive it first.

As we reach this significant occasion, it is imperative that we all continue to do our part to contain the spread of Covid-19. This includes monitoring yourself and family for symptoms, social distancing, limit gatherings with those outside your family, self-isolating if you have symptoms or have been exposed to COVID-19 and by following guidelines established within your home communities.

WAHA will be updating our communities as soon as more information becomes available. We are excited to share this news and wish you all a safe and healthy holiday season.

Thank you,

Dr Elaine Innes, Chief of Staff, WAHA
Lynne Innes, President & Chief Executive Officer, WAHA
