Weeneebayko Area Health Authority (WAHA) is seeking experienced candidates to fill the key role of **Point of Care Testing and Quality Coordinator**.

Who We Are

Weeneebayko Area Health Authority (WAHA) is the leading health care provider on the western James Bay coast. WAHA comprises of hospitals in Moose Factory, Fort Albany, and Attawapiskat, with a Health Centre in Moosonee. WAHA also provides regional outpatient programs, as well as Paramedicine services in Moose Factory, Moosonee, Fort Albany, Kashechewan, Attawapiskat, and Peawanuck. The span of services, complexity of care needs in the region, and the depth of health integration has made WAHA a leader and a model of health care services in Northern Ontario. WAHA consists of 450 employees, a Physician team, many students, as well as community stakeholders. It is affiliated with Queens University and offers many educational opportunities for current and prospective team members.

Who You Are

- Flexible and able to adapt to quickly changing environments
- Demonstrated ability to multitask and strong prioritization skills
- Excellent oral and written communication skills
- Proven customer service skills

Who You Are

Quality Management Coordinator

- Oversees the laboratory quality management functions in compliance with the IQMH process
- Develops and monitors goals, objectives and action plans of the quality management system
- Coordinates performance improvement, risk management, incident management and corrective actions activities
- Participates in regional initiatives that support quality laboratory services
- Ensures service expectations are being met

Point of Care Coordinator

- Provides technical oversight for Point of Care testing performed throughout WAHA to meet/exceed accreditation standards
- Ensures POC testing is running efficiently and effectively
- Develops and coordinates training and competency assessments
- Review quality control for problem identification and troubleshooting.
- Develop and oversee validation/verification studies for new instruments, methods and tests
- Assist with maintaining inventory and supplies for the POC testing
- Participate in inspection readiness and tracer activities for appropriate regulatory and accreditation agencies

What You Bring

- Graduate from a recognized Medical Laboratory Technology Program
- Certified Medical Laboratory Technologist of Ontario (CMLTO) registration is an asset
- Experience in a laboratory setting is required
- Requires annual mandatory certificates in Workplace Hazardous Materials Information System (WHMIS), Hand Washing and Non-Violent Crisis Prevention
- Ability to communicate in the local native Cree language is an asset
